

Incise CAD v 2.2.5.6 release notes

- Incise CAD version 2.2.5.6 will be available as a patch on the Renishaw web site for customers with incise systems version 2.2.1. or later. For earlier versions a CD will be required which is available from the Dental division on request (*Part number A-5351-0011*).
- Framework STL output now enabled and will function for customers that have an incise Dongle with an appropriate licence inserted into their system.
- The system will enable the dongle to be identified by using the new 'Features' option. The user will be warned ten days prior to the expiration of the device at which point a new dongle will need to be purchased.

- A-5351-0013
- Incise CAD 30 day trial dongle, will expire 30 days after first use.
- Free
- A-5351-0014
- Incise CAD 1 year dongle, will expire 365 days after first use.
- £750 / €975
- A-5351-0016
- Incise CAD lifetime dongle
- £2500 / €3250
- For CoCr only – STL finished framework files can be imported directly into an incise defined prescription without the need for scan data to be present.
