

Installation Guide: Boretrak Viewer

- 1) If this is the first time the software has been installed on a PC you may need to download some supporting software before you can run Boretrak Viewer.

Download **Boretrak Viewer Dependencies.zip**.

- 2) Unzip the contents of the downloaded files locally before proceeding. It is recommended that all dependencies are installed in the following order:
 - Microsoft .NET 4.5 runtime
 - Visual Studio 2010 C++ redistributables
 - Visual Studio 2012 C++ redistributables
 - Visual Studio 2013 C++ redistributables
 - DirectX June 2010 Redistributables
- 3) Download Release Note - Boretrak Viewer
- 4) Download the Boretrak Viewer Software.zip installation setup file. Unzip this file and install the software.
