

PRODUCT TERMS

The following clauses are product specific terms and conditions which apply to certain products in addition to the clauses of the Master Software Agreement. Other product specific terms and conditions may be included in or with the software itself.

Product Terms for Ballbar Trace

The following terms and conditions apply to the Ballbar Trace Product only:

The Authorised Usage for the Ballbar Trace Product is as follows:

1. Each Product licence may be used to capture and analyse data from a single Renishaw Ballbar/Laser system; and
2. Licensee may install the Product on multiple PCs simultaneously.

Product Terms for Machine Software Suite (MSS)

The following additional Product Terms apply to the MSS Product only. In the event of conflict between these Product Terms and the Master Software Agreement, these Product Terms shall apply:

1. Product: the MSS software including all modules and components, manuals, software protection devices incorporated within or issued with it, and any modifications and updates thereto that Renishaw provides to Licensee
 2. Delivery. The Product is physically delivered pre-installed on a PC.
 3. Location. The Product is provided on premise.
 4. Authorised Usage. A non-exclusive licence to use the Product on the single installation on which the Product has been supplied by Renishaw. The licence does not cover use on or transfer to any other installation.
 5. Termination. Clause 8.2 is not applicable and is considered as deleted.
 6. Privacy. Clause 7.2 is modified as follows: The Licensee agrees and undertakes that it shall not provide Renishaw with access to any personal data for processing on the Licensee's behalf unless it has first entered into a separate written agreement with Renishaw in respect of such processing. Customer acknowledges that Licensor may: (a) process personal data as controller for account management purposes (including invoicing and export compliance checks); and (b) access technical data (including version numbers, usage counts, processing times and error logs) during service visits for the purpose of maintenance, troubleshooting, and performance analysis, as further described in the privacy notice at www.renishaw.com/privacy. The Product does not send such technical data back to Renishaw automatically. The Licensee agrees that it shall remove any personal data before sending log files or other data to Renishaw (for example, when making support requests).
-

Product Terms – QuantAM

The following additional Product Terms apply to the QuantAM Product only. In the event of conflict between these Product Terms and the Master Software Agreement, these Product Terms shall apply:

1. Product. - the QuantAM computer software and the associated media (“Software”); and printed materials, online and electronic documents (“Documents”).
 2. The Customer may download, install and use the Product for its internal business purposes only:
 - (a) on one personal computer if the Product is licensed on a single-user basis; or
 - (b) by the number of concurrent users permitted by Renishaw in writing if the Product is licensed on a multi-user, floating or network licence basis.
 3. The warranty period is thirty (30) days from first delivery of the Product.
 4. The Customer acknowledges and agrees that the warranty in clause 5.1 shall not apply if the Product is used in connection with additive manufacturing equipment not supplied by Renishaw.
 5. The Customer may not:
 - (a) use the Product’s application program interface nor expose or disclose it to any third party; or
 - (b) use the Product via any communications network or by means of remote access
 6. Privacy. Clause 7.2 is modified as follows: “The Licensee agrees and undertakes that it shall not provide Renishaw with access to any personal data for processing on the Licensee’s behalf unless it has first entered into a separate written agreement with Renishaw in respect of such processing. Customer acknowledges that Licensor may: (a) process personal data as controller for account management purposes (including invoicing and export compliance checks; and (b) access technical data (including version numbers, usage counts, processing times and error logs) during troubleshooting, and performance analysis , as further described in the privacy notice at www.renishaw.com/privacy. The Product does not send such technical data back to Renishaw automatically. The Licensee agrees that it shall remove any personal data before sending log files or other data to Renishaw (for example, when making support requests). “
 7. Termination. Clause 8.2 is modified as follows “Upon termination or expiry of a Product’s Term, all rights in relation to such Product shall cease”.
 8. The Customer must comply with the Third-Party Software additional terms and the breach of any Third-Party additional terms by the Customer shall be deemed a breach of this Agreement.
 9. Portions of this software are owned by Spatial Corp © 1986 - 2025. All rights reserved. This software is licensed under the terms and conditions of the Renishaw licence agreement.
-

Product Terms for RVP/RFP Probe Software

The following additional terms and conditions apply to the RVP/RFP Probe Software (i.e. any non-hardware logic in the probe including but not limited to: firmware, embedded and programable logic programs) Product only.

In the event of conflict between these Product Terms and the Master Software Agreement, these Product Terms shall prevail:

1. Delivery. The Product is physically delivered pre-installed in the probe and any possible updates will be sent electronically.
 2. Location. The Product is provided for on premise.
 3. Term. The Product is licensed on a perpetual basis.
-

Product Terms for OTS

The following terms and conditions apply to the OTS Product only:

1. Delivery. The Product is physically delivered pre-installed
 2. Location. The Product is provided for on premise and is not hosted consequently clause 4 “Hosted Products” does not apply.
 3. Authorized usage. The Product is licensed on a per Machine basis and Customer shall not make any back-up copy of the Software for contingency purposes.
 4. Term. The Product is licensed on a perpetual
-

Product Terms for OMP 40

The following terms and conditions apply to the OMP 40 Product only:

1. Delivery. The Product is physically delivered pre-installed
 2. Location. The Product is provided for on premise and is not hosted consequently clause 4 “Hosted Products” does not apply.
 3. Authorized usage. The Product is licensed on a per Machine basis and Customer shall not make any back-up copy of the Software for contingency purposes.
 4. Term. The Product is licensed on a perpetual basis
-

Product Terms for MP250

The following terms and conditions apply to the MP250 Product only:

1. Delivery. The Product is physically delivered pre-installed
 2. Location. The Product is provided for on premise
 3. Term. The Product is licensed on a perpetual basis
-

Product Terms – RCS Joint Repeatability

The following terms and conditions apply to the RCS Joint Repeatability Product:

1. Delivery. The Product is delivered when it is made available for electronic download.
 2. Location. The Product is provided on-premise as standard. The Customer may choose to host the portal via the Renishaw Central Hosted Product, in which case the Renishaw Central Product Terms at www.renishaw.com/legal/softwareterms shall also apply.
 3. Authorised Usage. The Product is licensed on a per User basis.
 4. Term. The Product is licensed perpetually.
-

Product terms for SupaScan Product and SupaScan Configuration Tool Product

The following terms and conditions apply to the SupaScan Product and SupaScan Configuration Tool Product only:

1. The Product has been designed for use with Renishaw probing systems. Customer is granted a non exclusive licence to use the Product with the Renishaw probing system and on the single installation on which the Product has been supplied by Renishaw. The licence does not permit (i) use on or transfer to any other installation, or (ii) use with other machine tool probing systems.
 2. The warranty in clause 5.1 of the Agreement shall not apply to, and Renishaw shall not be liable for, any use of the Product with probing systems that have not been produced by Renishaw.
 3. Third Party Software may be licensed to Customer on separate terms provided at (i) \\10.50.8.1\Share\Read Me - Licence Terms (viewable from a PC connected to the DPU via a USB network dongle; the PC's IP address must be set to 10.50.8.x, where x is a number from 2 to 254), (ii) the DPU-1's network share or start web page, or (iii) similar files included with the Product. The installation on which the Product has been supplied does not permit permanent patches, updates or changes to its operating system or software.
 4. The Product is provided with third party software from Microsoft. Some features of the Microsoft software may enable Microsoft to collect data in accordance with its privacy statement at <https://privacy.microsoft.com/en-us/privacystatement>.
-

Products Terms for CARTO Capture, Explore, Compensate, and Generate

The following additional terms and conditions apply to the CARTO Capture, Explore, Compensate, and Generate Products:

1. Delivery. The Product is delivered when it is made available for electronic download.
2. Location. The Product is provided on premise.
3. Authorised Usage. The Product is licensed on a per User basis for the purpose of capturing and analysing data from a single Renishaw Ballbar/Laser system. The Product may be installed on multiple PCs simultaneously.
4. Term. The Product is licensed on a perpetual basis.

Product terms for LCPD Laser Bespoke Analytics

The following additional terms and conditions apply to LCPD Laser Bespoke Analytics Product:

1. Delivery. The Product is delivered when it is made available for electronic download.
 2. Authorised Usage. The Product is licensed on a per Machine basis.
 3. Term. The Product is licensed on a perpetual basis.
-

Product Terms for MODUS 1.x

The following additional terms and conditions apply to MODUS 1.x:

1. Delivery. The Product is delivered when it is either: (a) made available for electronic download, or (b) physically delivered pre-installed on a PC.
 2. Location. The Product is provided on premise.
 3. Authorised Usage. The Product is licensed on a per Machine basis.
 4. Term. If the Product is licensed for evaluation purposes, the Term is ninety (90) days from the date of activation. In all other cases, the Product is licensed perpetually.
-

Product terms for Go Probe

The following additional terms and conditions apply to Go Probe:

1. Delivery. The Product is made available for electronic download
 2. Location. The Product is provided for on premise use and is not hosted.
 3. Authorised Usage. The Product is licensed on a per User basis
 4. Term. The Product is licensed perpetually.
-

Product terms for Probe SetUp

The following additional terms and conditions apply to Probe SetUp:

1. Delivery. The Product is made available for electronic download
 2. Location. The Product is provided for on premise use and is not hosted.
 3. Authorised Usage. The Product is licensed on a per User basis
 4. Term. The Product is licensed perpetually.
-

Product Terms for Renishaw Central

The following additional terms and conditions apply to Renishaw Central:

1. Delivery. The Product is delivered when it is made available for electronic download.
 2. Location. The Product is provided on premise.
 3. Authorised Usage. The Product is licensed on a per Machine basis.
 4. Evaluation. If the Product is licensed for evaluation purposes, the Term is ninety (90) days from the date of activation.
 5. Term. Save as provided by clause 4 above, the Product is available on a perpetual or a subscription term basis. The Customer's Term will be indicated in the applicable Acknowledgement.
-

Product Terms for the following MODUS IM Products:

- **MODUS IM Gauge & Control**
- **MODUS IM DMIS**

The following additional terms and conditions apply to the Products listed above:

- 1 Delivery. The Product is delivered when it is either: (a) made available for electronic download, and/or (b) physically delivered pre-installed on a PC.
 - 2 Location. The Product is provided on premise and is not hosted.
 - 3 Authorised Usage. The Product is licensed on a per Machine basis.
 - 4 Term. If the Product is licensed for evaluation purposes, the Term is ninety (90) days from the date of activation. In all other cases, the Product is licensed perpetually.
-

MODUS™ IM CHART Products Terms

The following additional terms and conditions apply to MODUS™ IM CHART:

1. Delivery. The Product is delivered when (a) it is made available for electronic download and/or (b) physically delivered pre-installed on a PC
 2. Location. The Product is provided for on premise use and is not hosted.
 3. Authorised Usage. The Product is licensed on a per Machine basis.
 4. Term. If the Product is licensed for evaluation purposes, the Term is ninety (90) days from the date of activation. In all other cases, the Product is licensed perpetually.
-

Product Terms for ADTpro-100

The following additional terms and conditions apply to ADTpro-100:

1. Delivery. The Product is delivered when it is either: (a) made available for electronic download to allow customers to download firmware files to reprogram their ADTpro-100 devices, or (b) physically delivered pre-installed as the firmware will be pre-programmed onto ADTpro-100 devices before the devices are sent to Customers.
 2. Location. The Product is provided on premise.
 3. Authorised Usage. The Product is licensed on a per Machine basis and is only designed to operate with a Renishaw ADTpro-100
 4. Term. The Product is licensed perpetually.
-

Product Terms for the Macro Software Product

The following additional terms and conditions apply to the Macro Software Product:

1. Delivery. The Product is delivered when it is physically delivered on suitable media (USB drive/CD/DVD).
 2. Location. The Product is provided for on premise use and is not hosted.
 3. Authorised Usage. The Product is licensed for use on a single machine tool only, with the machine tool computer numerical controller that is specified in the information supplied with the Product, unless written permission is obtained from Licensor for use with a different machine tool computer numerical controller.
 4. Term. If the Product is licensed for evaluation purposes, the Term is ninety (90) days from the date of activation. In all other cases, the Product is licensed perpetually.
 5. Liability. The Product has been designed for use with Renishaw machine tool probing systems only, and Licensor has no liability for the results of using the Product with another manufacturer's machine tool probing systems.
-

Product Terms for MODUS Planning Suite

The following terms and conditions apply to the MODUS Planning Suite Product only:

1. Delivery. The Product is delivered when it is made available for electronic download.
2. Location. The Product is provided on premise.
3. Authorised Usage. The Product is licensed on a per Machine basis.
4. Software Protection. Licensor manages Customer's licence entitlement using a dongle or a secure trusted storage area on the Machine.
5. Term. Products are licensed perpetually, save that evaluation Products are licensed for a limited term of thirty (30) days from delivery.

Product Terms for PRODUCTIVITY+™

1. **Product:** the Productivity+™ software, including all modules, components, manuals, and any modifications and updates thereto that Renishaw provides to Licensee.
 2. **Delivery:** The Product is delivered when it is either: (a) made available for electronic download, or (b) physically delivered pre-installed on a PC, or (c) physically delivered on installation media.
 3. **Authorised Usage:** The Product is licensed using a Licensor licence key without the right to sublicense. The licence to use may be transferred from one installation to another installation provided that the Product is decommissioned in accordance with the procedures specified by Licensor before the replacement installation is activated with a replacement Licensor licence key. In relation to the post processor modules supplied with the Product or subsequently, the Customer is granted a licence to use the post processor files with each installation of the Product validly maintained by the Customer and, as the post processor modules are designed to operate with specific machine tool controllers, the Customer is only licensed to use the post processors with the machine tool controllers that are specified by the Licensor, unless written permission is obtained from the Licensor for use with a different machine tool controller.
 4. **Term:** If the Product is licensed for evaluation purposes, unless specified otherwise, clause 9.1 on Term shall apply and the Product will cease to operate automatically after expiry of the Term. In all other cases, the Product is licensed perpetually.
-

Product Terms for Renishaw ADT View

1. **Delivery.** The Product is made available for electronic download from the Renishaw website
 2. **Location.** The Product is installed locally on a user's PC.
 3. **Authorised Usage.** The Product is licensed on a per Machine basis.
 4. **Term.** The Product is licensed perpetually.
-

Product Terms for Renishaw Program Builder Fanuc

1. **Delivery.** The Product is delivered when it is made available for electronic download.
 2. **Location.** The Product is provided on premise.
 3. **Authorised Usage.** The Product is licensed on a per User basis.
 4. **Term.** The Product is licensed on a subscription basis. Unless stated otherwise in the Acknowledgement, the initial Term is twelve months from the date of delivery.
-

Product Terms for Renishaw Promo

1. **Delivery.** The Product is made available for electronic download
2. **Location.** The Product is provided for on premise use and is not hosted.
3. **Authorised Usage.** The Product is licensed on a per Machine basis

4. Term. The Product is licensed perpetually.
-

Product Terms for RLU Configurator Diagnostic Tool for Catterick

The following terms and conditions apply to RLU Configurator Diagnostic Tool for Catterick only:

1. Delivery. The Product is made available for electronic download
 2. Location. The Product is provided for on premise use and is not hosted.
 3. Authorized usage. The Product is licensed on a per User basis. The software is designed to operate only with the next generation RLE product range; 'RLU100', 'RLU200', 'RLU300'.
 4. Term. The Product is licensed on a perpetual basis.
-

Product Terms for Set and Inspect Product

The following Product Terms apply to the Renishaw Set and Inspect Product only:

1. Authorised Usage. Subject to clause 2.2 of the Agreement, Customer may use the Product on any number of machine tools or in conjunction with any number of machine tools with the machine tool computer numerical controller that is specified in the Documentation, and (where relevant) corresponding Licensor software validly licensed to Customer, unless written permission is obtained from Licensor for use with a different machine tool computer numerical controller.
 2. Installation. If this Product is being installed by a third party on behalf of Customer, both Customer and the third party are bound by the terms and conditions of this Agreement.
 3. Liability. The Product has been designed for use with Licensor's machine tool probing systems and to the maximum extent permitted by applicable law, Licensor has no liability for the results of using the Product with another manufacturer's machine tool probing systems.
 4. Documentation. If the Product contains electronic manuals, Customer may print out the manuals in part or in full, provided that the print outs or copies are not supplied to any third party except as expressly provided by clause 2.4 of the Agreement without Licensor's written permission.
 5. Microsoft. The Product is provided with third party software from Microsoft. Some features of the Microsoft software may enable Microsoft to collect data in accordance with its privacy statement at <https://privacy.microsoft.com/en-us/privacystatement>.
-

Product Terms for RCS Software Suite

The following terms and conditions apply to RCS Software Suite:

1. Delivery. The Product is delivered when it is made available for electronic download.
2. Location. The Product is provided on-premise as standard. The Customer may choose to host the portal via the Renishaw Central Hosted Product, in which case the Renishaw Central Product Terms at www.renishaw.com/legal/softwareterms shall also apply.
3. Authorised Usage. The Product is licensed on a per User basis.
4. Term. The Product is licensed perpetually.

Product Terms for SupaScan Product and SupaScan Configuration Tool Product

The following terms and conditions apply to the SupaScan Product and SupaScan Configuration Tool Product only:

1. The Product has been designed for use with Renishaw probing systems. Customer is granted a non-exclusive licence to use the Product with the Renishaw probing system and on the single installation on which the Product has been supplied by Renishaw. The licence does not permit (i) use on or transfer to any other installation, or (ii) use with other machine tool probing systems.
 2. The warranty in clause 5.1 of the Agreement shall not apply to, and Renishaw shall not be liable for, any use of the Product with probing systems that have not been produced by Renishaw.
 3. Third Party Software may be licensed to Customer on separate terms provided at (i) \\10.50.8.1\Share\Read Me - Licence Terms (viewable from a PC connected to the DPU via a USB network dongle; the PC's IP address must be set to 10.50.8.x, where x is a number from 2 to 254), (ii) the DPU-1's network share or start web page, or (iii) similar files included with the Product. The installation on which the Product has been supplied does not permit permanent patches, updates or changes to its operating system or software.
 4. The Product is provided with third party software from Microsoft. Some features of the Microsoft software may enable Microsoft to collect data in accordance with its privacy statement at <https://privacy.microsoft.com/en-us/privacystatement>.
-

Product Terms for UCC Suite

The following terms and conditions apply to UCC Suite only:

1. Delivery. The Product is made available for electronic download
 2. Location. The Product is provided for on premise and is not hosted consequently clause 4 "Hosted Products" does not apply.
 3. Authorized usage. The Product is licensed on a per Machine basis
 4. Term. The Product is licensed on a perpetual basis
-

CARTO XK20 App Product Terms

The following additional terms and conditions apply to the CARTO XK20 app:

1. Delivery. The Product is delivered when it is made available for electronic download.
2. Location. The Product is provided on premise.
3. Authorised Usage. The Product is licensed on a per User basis for the purpose of capturing and analysing data from a single Renishaw Laser system. The Product may be installed on multiple PCs simultaneously.
4. Term. The Product is licensed on a perpetual basis.
