The Renishaw QC20 ballbar uses *Bluetooth®* wireless technology to transmit data between itself and a connected PC. In many territories devices which use the radio frequencies used by Bluetooth® are exempt from many of the normal regulations covering radio devices. In other territories the level of regulation varies. The table above indicates the relevant standards or licensing authority that QC20 complies with for indicated territories and the corresponding registration number, where applicable.

The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc. and any use of such marks by Renishaw plc is under license. Other trademarks and trade names are those of their respective owners
