### Product Terms for Renishaw Central

The following terms and conditions apply to the Renishaw Central Product only:

1. Delivery. The Product is delivered when it is made available for electronic download.
2. Evaluation. The Term of an evaluation period is ninety (90) days from the date of Product activation. The Licensor may delete hosted Customer Content (if any) thereafter, unless the Customer has acquired a commercial licence.
3. Location. The machine collector Software is provided on-premise. The Customer may choose to host the portal via an on-premise server or via the Hosted Product.

4. Mobile Application. A Central mobile application Product is available for download from Apple or Android stores. Authorised users can use such Product to view data stored on the Customer's portal via their mobile devices (provided always that the Customer has expressly enabled the relevant mobile device to access the internet for the hosted version, or the internal network that a Customer's on-premise portal server resides on, as applicable).
5. Authorised Usage. Machine connection Software and on-premise portal Software are licensed on a per Machine basis, save that the Customer may install the on-premise Software on one additional database server. The Hosted Product is licensed on a per Tenancy (as defined below) basis.
6. Tenancy. Within the Hosted Product, the Customer may set up one or more siloed areas with separate data and user permissions; a single instance of one of these areas is a tenancy ('**Tenancy**'). Data stored within one Tenancy is not accessible from another Tenancy.
7. Term. Machine connection Software is licensed perpetually. Unless a perpetual Term is noted on the Confirmation, the on-premise portal Software is licensed for a subscription period of twelve (12) months from the date of activation. The Hosted Product is provided on a twelve (12) month subscription basis.
8. Storage. The Hosted Product includes data storage up to a maximum of 500GB. Thereafter, the Licensor reserves the right to charge for excess storage at its then standard rates.
9. Processing. The Licensor agrees that the Customer may submit machine operator identification numbers, user email addresses and user log-in passwords to the portal Hosted Product and the Central mobile application Product. The Licensor agrees to process such personal data in accordance with a data processor's obligations under the UK General Data Protection Regulation.
10. Retention. The Customer shall have read only access to Customer Content on the Hosted Product via the application programming interface for a thirty (30) day period after termination or expiry of the Hosted Product Term for the sole purpose of downloading Customer Content. After a further ninety (90) day period, the Licensor may delete Customer Content unless the Customer has renewed the Hosted Product subscription.
