

**Job title:** Summer Placement – Software

**Location:** Wotton-under-Edge, Gloucestershire GL12 8JR

**Duration:** Placements are from June to September for a minimum 8-week, maximum 12-week period

**Salary:** £18,000 pro-rata

## Overview

Renishaw takes on a number of students during the summer holiday period for between 6 and 14 weeks. Students studying at sixth form or degree level will get the opportunity to develop good practical skills that will prove invaluable throughout any software engineering career.

## What will I be doing?

The majority of placements get involved in a project during their time with us, and projects can be with our Product, Web and Mobile Apps, UI controls, 3D Rendering, Testing or Applications Management teams where you can gain a real insight into working in a software development environment.

## What skills and experience do I need?

We are looking for students who are either studying for relevant qualifications in Computer Science or can demonstrate a practical exposure to programming.

## Where will I be working?

This role is based at our New Mills headquarters near Wotton-under-Edge in Gloucestershire, you may on occasion be required to travel to other Renishaw sites for work. As Renishaw is based in a semi-rural location, it is essential that applicants have their own form of transport or be willing to relocate to the local area.

## How do I apply?

Apply online via the link below, with a **covering letter and CV**, in the covering letter, please tell us why you want to undertake an Industrial Placement with Renishaw, and why you are suitable for this role.
